The vision of Nazareth College of Education for women is to provide education of the highest quality to teacher trainees, equip them with various learning skills and methodologies, social responsibility to raise good citizens, overall development of trainees, and equip them to face the global needs.

The institution was established in the year 2006 with the commitment to uplift women by giving them professional quality teacher education, emphasizing moral and ethical values. The Institution provides a safe and secure environment for the women to pursue their training.

Remedial teaching is undertaken to cater to the needs of slow learners. Teacher educators employ team teaching and activity-based methodologies to develop various teaching skills and life skills, with a priority on making students' experiences meaningful and purposeful. The institution provides ample opportunities for student-teachers to identify and develop their innate talents. Capacity-building and skill development programs are periodically organized.

The student teachers are trained to focus on higher order thinking skills and equipped with life skills to face Global challenges.

The feedback from various stakeholders helps in ensuring that the best educational practices are available to the student teachers. The institution aims to shape the all-around personality of the student teachers and enrich society with educated and empowered women. The student council of the institution plays a pivotal role in organizing all the academic, cultural, and sports activities.

Alumnae Association of Nazareth College of Education for Women was formally registered and the logo was designed with the motto “REUNITE TO REJOICE”. The annual Alumnae meet is conducted on 1st May every year. The Alumnae’s involvement and suggestions help in nurturing the strength of the institution.

The exuberant energy of the young minds is channelized through curricular, co-curricular, and extra-curricular activities. National and International days are celebrated and the students are educated on their roles and responsibilities. The NSS and YRC of the Institution involve the active participation of students in community service.

The community-based activities and green practices of the institution through various committees and clubs organized with the support of the student council account for the sustained reputation of the college.

The pandemic covid-19 introduced an unprecedented use of technology in the teaching and learning process. A virtual academic networking platform MyOSConnect subscribed by the college is a unique approach by the Institution to connect the students and staff within and outside the college in knowledge sharing and career building.

The institution believes that achieving excellence is a journey and not a destination and as a team sets goals to achieve them and works for its distinctiveness – Truth, Joy, and Peace.
